Re: Air Quality
Minor (Synthetic)
Permit to Construct

Dear Mr. Burow:

Pursuant to the Air Pollution Control Rules of the State of North Dakota, the Department of Environmental Quality (Department) has reviewed your permit application dated October 3, 2023, for the Alex Compressor Station located in McKenzie County, North Dakota.

Enclosed is a copy of the Department's draft/proposed minor (synthetic) Permit to Construct for the facility. Before making final determinations on the permit application, the Department provides for public comment by means of the enclosed public notice and provides for a concurrent 30-day Environmental Protection Agency (EPA) review. As indicated in the notice, the public comment period will begin on March 11, 2024 and end on April 10, 2024.

All comments received will be considered in the final determination concerning issuance of the permit. The Department will take final action on the permit application following the public comment period and EPA review. You will be notified in writing of our final determination.

If you have any questions, please contact me at (701)328-4639 or email rsmartin@nd.gov.

Sincerely,

Russell Martin
Environmental Scientist
Division of Air Quality
