Re: Air Pollution Control
Permit to Construct No. ACP-18273 v1.0

Dear Ms. Fox Dukart:

Pursuant to the Air Pollution Control Rules of the State of North Dakota, the Department of Environmental Quality (Department) has reviewed the permit application dated February 10, 2025, the Class I modeling received on June 6, 2025, and the application amendment received June 17, 2025. These applications were submitted to obtain a Permit to Construct for initial construction and operation of the Bison Generation Station to be located in Williams County, North Dakota.

Based on the results of the documents reviewed, the Department hereby issues the enclosed North Dakota Air Pollution Control Permit to Construct No. ACP-18273 v1.0. A public comment period was held regarding this project from November 22 through December 22, 2025. No comments were received during the public comment period.

Please notify the Department within 15 days after completing the project to allow for an inspection by the Department.

Note that the above-referenced permit addresses only air quality requirements applicable to your facility. Other divisions (Water Quality, Waste Management and Municipal Facilities) within the Department of Environmental Quality may have additional requirements. Contact information for the various divisions is listed at the bottom of this letter.

If you have any questions, please contact me at (701)328-5229 or destroh@nd.gov.

Sincerely,

David Stroh
Manager, Permit Program
